Dear Sir:

Your letter just at hand. This Society issues monographs on special subjects, chiefly ancient coins, several times a year, which are sent to the members free of charge. The dues of our Society are $5.00 a year.

The American Numismatic Association issue a monthly publication called the "Numismatist." Dues and subscription to this are $3.00 a year. I think the price is the same for those living in foreign countries. I am enclosing application blanks for both organizations.

I trust that this information answers your questions.

Very truly yours,

Curator
